

Packets & Parcels

International registered

A 3-7 day tracked service

Our International Registered service is a cost-effective way of sending packages overseas with the added benefit of online tracking for peace of mind.

Providing worldwide coverage and a choice of delivery speeds to suit your requirements, International Registered is ideal for low value basket items. An affordable, reliable alternative to the tracked delivery services offered by couriers.

Our user-friendly online portal makes manifesting your shipments easy, providing confirmation your shipments have been received by Whistl. With a chain of custody through to delivery, you can also track your items online.
